## About This Game

### Gameplay

Friday the 13th: The Game is a third-person horror, survival game where players take on the role of a teen counselor, or for the first time ever, Jason Voorhees. You and six other unlucky souls will do everything possible to escape and survive while the most well-known killer in the world tracks you down and brutally slaughters you. Friday the 13th: The Game will strive to give every single player the tools to survive, escape or even try to take down the man who cannot be killed. Each and every gameplay session will give you an entirely new chance to prove if you have what it takes not only to survive, but to best the most prolific killer in cinema history, a slasher with more kills than any of his rivals!

Meanwhile, Jason will be given an array of abilities to track, hunt and kill his prey. Stalk from the shadows, scare your targets and kill them when the time is right in as brutal a fashion as you can imagine. Take control of the legendary killer that is Jason Voorhees and terrify those unfortunate enough to cross your path!

### Play as Jason Voorhees!

For the first time ever, you will have the opportunity to play as Jason Voorhees, the most famous killer in horror. Stalk your prey, ambush them whenever you see fit and strike fear in the hearts of so many hapless victims as you become the legend himself! Friday the 13th: The Game will include a variety of kills, new and familiar, that will help you set the tone for the Jason Voorhees that you want to be. You'll even get to unlock various Jason incarnations from the movies!

Jason will be equipped with a terrifying array of abilities, giving you the control of a hunter at the height of his game. These are

---

his woods, and he knows them all too well. Jason will not only feed off the fear of his victims, but will become stronger as the night progresses. The darker the night, the more terrifying Jason becomes!

Fans of the movies will be able to play as various versions of Jason, including:

- Friday the 13th, Part II
- Friday the 13th, Part III
- Friday the 13th, Part VI: Jason Lives
- Friday the 13th, Part VII: New Blood
- Friday the 13th, Part VIII: Jason Takes Manhattan
- Jason Goes to Hell: The Final Friday

### **How Will You Survive?**

The entire focus of Friday the 13th: The Game is multiplayer. Survival is entirely up to you, the player, as you either stealthily hide from Jason or work together as a team to escape or bring the fight to Jason. Playing as a counselor is all about risk and reward, giving players multiple means of triumph over Jason! Want to hide in the woods as you wait for the police? Perhaps you want to band together and try to take on Jason as a group? Maybe you and a friend decide to fix the boat on the lake and escape while leaving everyone else to their fate? There are endless opportunities to survive the night, but every choice has a consequence.

Friday the 13th: The Game will continually set the pace of change, giving you unfamiliar surroundings while Jason Voorhees looks for his latest victim. No single strategy will ever be reliable, forcing players to adapt and change each time they begin their long night in Camp Blood! Be wary, you never know when or where Jason is going to strike!

### **Play as the Counselors!**

We all remember the various tropes from Friday the 13th, and the game will be no exception! Each counselor type will have strengths and weaknesses, affording players the chance to excel in certain situations. Find the counselor that best suits your play style, or come up with various strategies to win against Jason! Players will have the chance to continually update and improve their characters through unlocks, customization and improvement! The more you play, the more you adapt and become a better all-around counselor!

### **Camp Crystal Lake in All Its Glory!**

Mirroring Camp Crystal Lake from the Friday the 13th series, players will try to survive not only in the iconic Camp Crystal Lake, but surrounding area. Iconic locations from the movies, like Higgins Haven will also serve as stalking grounds for Jason and his prey.

Players will be given a large, open area in which to explore as they attempt to hide from certain death! Each gameplay session will fundamentally change the scenario, never affording players the opportunity to learn patterns or figure out where helpful items may be lying. With each movie giving a different feeling to the campgrounds, Friday the 13th: The Game gives you new and challenging situations every time you enter the woods!

### **Your Crystal Lake Database**

Friday the 13th: The Game will feature a progressive unlock system unified to your account. The longer you play, the more you'll unlock from counselor customization to new Jason Voorhees costumes seen in the movies! Besides giving you personalized camp counselors, you'll be able to unlock secrets within Camp Crystal Lake, exploring the mystery surrounding

Jason Voorhees and the grounds he patrols!

**Be Kind. Rewind.**

Every aspect of Friday the 13th: The Game is drawn straight from movies you know and love. We've carefully crafted this world to remind you of everything you remember about Friday the 13th, right down to the visual fidelity of the 80's. This is exactly how you remember it.

**Paranoia - A new game mode coming to Friday the 13th: The Game:**

#whoisfiVe

Coming at no additional charge, soon!

<https://www.youtube.com/watch?v=aPWOnK96GGI&feature=youtu.be>. **Pre-orders now available at \$39.99!**

Hi all!

We've finally opened up pre-orders for Friday the 13th: The Game! You can go ahead and lock yours in now!

For those asking for specs; the listed ones are not final, but we will have comprehensive specs posted here hopefully within the week. Shouldn't deviate too much from what's listed.

See you guys soon in-game!

**. Virtual Cabin Update - Counselor Room Unlocked:**

In case you haven't purchased the Virtual Cabin, we've unlocked yet another room! This time we've got the counselor models on display with a bevy of new easter eggs and hidden features!

Remember, this cabin is stand-alone. It's meant to be more a museum/dev-diary as we continue work on the main game. This is something our team is doing in our free time, but it's totally getting the love and attention it deserves, as you're seeing art/assets and animations from the main game!

We're only offering it for sale at BackerKit currently: [https://friday-the-13th-the-game.backerkit.com/hosted\\_preorders](https://friday-the-13th-the-game.backerkit.com/hosted_preorders)

You can get it for \$15USD (automatic conversion when charged to your home currency if you are outside the US).

And for those of you interested in the entire Stream:

<https://www.youtube.com/watch?v=d1uu85aUkz4>. **June 20th Content Update - Free Update and Compensation for Launch Issues:**

I'll let the video do most of the talking, however we do want to make note that you are being heard and updates will continually be rolling in. We have a lot planned to continue this trend, but we hope this first one will be interesting to you as we move towards more and more for this game

Our thanks to the community for their support, their feedback, their concern and their suggestions. This has been a rocky release, to be frank. Our team is looking forward to the future to get more features, more content, more updates rolling at a quick pace and we hope you enjoy!

As for the update;

. **10.11.2017 Patch Notes - Part IV Jason Content and Known Issues:**

Hey all,

So...we're going to drop the patch a little early to allow for stress testing and to get you guys some content! This update is going to be way larger than what we've done in the past, so bear with the notes and then follow up 'Known Issues' info that will be coming.

Should be a few hours from now.
